

18 December 2011

Dear Oakhill School

Thank you for submitting your excellent portfolio for 2011. Congratulations on being awarded your International Flag!

Your portfolio demonstrates an admirable commitment towards positive environmental change through learning and management with wonderful integration and inclusivity of learners.

The portfolio is thorough in all aspects, comprehensive comments, well laid out and the issues tackled in 2011 have linked well with past efforts, but have also developed on new environmental issues affecting us all. Well done for being able to cover such issues with depth and ensuring that it supported the learning taking place in the classroom.

Your school staff and learners are to be commended for championing the environmental cause so effectively and we feel sure that the knowledge gained through such efforts has been able to encourage and enable learners to make critical life choices and enhance their lifestyles and attitudes towards the environment in a positive manner.

We are very proud to have the school as part of the Eco-Schools family and trust that you will continue to grow and sustain your developments within the programme through your learning and action taking at your school.

Thank you for participating so actively in the Eco-Schools programme in 2011. We hope that you will continue to be involved with Eco-Schools in 2012. In order to keep your Eco-School status and flag your school will need to register again and submit a portfolio at the end of October 2012, which reflects your ongoing Eco-School work and commitment to our environment.

Yours sincerely,

Lorraine McGibbon (southern Cape coordinator)
Susan Botha (CapeNature)
M Grobler (independent)
